ACADEMY COURSES

The Academy includes a growing range of feature-focused learning resources that provide you with a comprehensive and practical understanding of the key functionality available within Totara products. Academy courses also provide best practice guidance for course creators to build engaging learning.

Courses are released at regular intervals to keep your knowledge fresh and up to date with new functionality as it becomes available.

WHAT TYPES OF CERTIFICATIONS ARE AVAILABLE?

We currently offer certified programs for Site Administrators and Performance Management on a range of versions of Totara Learn. Our programs will continue to grow and evolve with our products.

The *Totara Learn Site Administrator* program is aimed at anyone who administrates a Totara Learn site and seeks to demonstrate their knowledge and skills.

The *Performance Management Site Administrator* program is aimed at anyone who administrates the performance management elements of a Totara Learn site.
