

YOUR TOTARA TAKEAWAY:
TOTARA FOR
BEGINNERS

Here are some reminders from the course to take away with you.

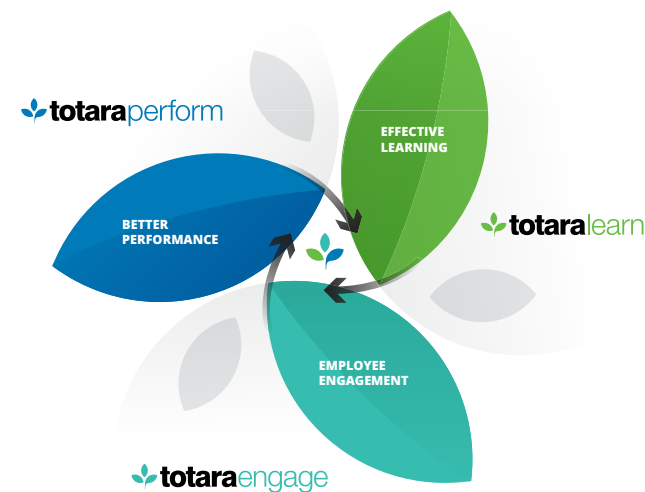

WHAT IS A TALENT EXPERIENCE PLATFORM?

A Talent Experience Platform brings together learning, engagement and performance management to create a unified experience for your people. By enabling collaboration, formal and informal learning, and continuous performance management, a Talent Experience Platform boosts productivity for the long-term.

The Totara Talent Experience Platform comprises three products on a single platform:

- Totara Learn
- Totara Engage
- Totara Perform

TELL ME MORE ABOUT TOTARA LEARN

In today's uncertain times, organisations need engaged, skilled employees. But when it comes to training, many of us are left making unnecessary compromises with rigid, overpriced and inflexible learning management systems.

Totara Learn, the transformational learning management system trusted by millions of learners worldwide, replaces the limitations of the traditional LMS with an adaptable and extendable enterprise solution to meet your exact requirements. Deliver your learning and compliance requirements with a powerful, cost-effective solution that adapts to the unique needs of your organisation.

Easily deliver blended learning solutions, including integrations with virtual classroom tools like Zoom and Microsoft Teams.

WHAT ABOUT TOTARA ENGAGE?

Investing in employee engagement will increase productivity, work quality, and help retain your top talent. Employees who are engaged and work collaboratively deliver higher quality work and are more productive. Even better, engaged employees are happier, both at work and in their lives.

Totara Engage is the learning experience platform (LXP) to engage, unite and upskill your workforce, leading to higher organisational performance. Employees create and curate custom resources from any device. Knowledge sharing is made simple with personalised learning recommendations and collaborative workspaces, facilitating social learning and driving deep employee engagement across your organisation.

Meet your users where they already are with Totara Engage's Microsoft Teams integration, delivering true learning in the flow of work.

AND TOTARA PERFORM?

Today's best performance management systems give an organisation the ability to set its own course and tailor practices to suit its work culture and context. Whether they're 'traditional' annual appraisals and performance reviews, or more modern practices like check-ins and continuous feedback.

Totara Perform is a performance management system with adaptability and productivity at its core. Create evidence-based performance reviews, get an objective view of employee performance and quickly identify and close skills gaps to ensure your organisation remains competitive. With Totara Perform, you harness the power of continuous performance management to boost in-office or remote workplace productivity anytime, anywhere.
